CYNGOR CYMUNED LLANDDANIEL FAB

Council Meeting: Monday, 19 March 2018, TAN Y CAPEL.

1. Welcome and Apologies

Present: Martin Roberts (Chair), Huw Williams, Pauline Desch, Andy Wagstaff, Margaret Clarke, Cllr. Dafydd Roberts

Apologies: Brian FitzGerald, Carys Love, Cllr. Eric ~~Roberts~~ Jones

The minutes of the last meeting were accepted by Andy Wagstaff, seconded by Pauline Desch.

2. Matters Arising

MC wanted to list the items which were raised in the last meeting and which she felt had not been discussed and minuted.

Grit bin at Tan y Capel – who was responsible. County Council responsible.

1. 30 mph sign at Myfyrian. Explained in the last meeting. DR has looked into this and discussed it with Highways. Gaerwen County Council responsible for this.
3. Community Council Website. DR responsible for this. Working on it.
4. Rats behind the council houses. DR – the park is the responsibility of the Community Council. Contact Environmental Health.
5. Footpath by Noddfa – barbed wire on Noddfa's side of the fence but on the public footpath. Need to know who put up the barbed wire. This not done by the Community Council. Note this. Need to ensure that CF cut enough on one side – wait to see how the work is done by CF.

MR – although it is something that the Community Council can't do anything about, can add our voice.

Un Llais Cymru rules. Put things on the agenda instead of AOB. Need to minute those items.

DR easier if someone sends a letter. Some councils sort things out between the Community Council and the Council, and then if things are not resolved, escalate them through the County Councillor. The County Councillor can't deal with a long list of things and usually helpful if he knows what needs to be discussed rather than being surprised in the meeting.

Defibrillator – not a matter from the last meeting but from an earlier one. MR contacted Calonnau Cymru to discuss costs. They don't ask for a fee but for a contribution for a defib and a box. Defib £995, box a minimum of £400. Box with a lock and everything. Not sure if we need to pay to install this. A coat to keep the box warm for £8 per year. Total of £1400. Donation though. In discussion with Alon for a meeting to collaborate with Trigolion about this.

The phone box – one of the companies buy a phone box and ensure the electricity supply.

DR – Brynsiencyn has had one in the hall. Someone came to do training and said that the box they have is the best one.

Warranty of 7 years, maintenance for 10 years.

Try to get the defib but connect with 'Restart a Heart' in October and get the school taking part too. Also Trigolion and Community Council, explain which each group does.

Need to find a way to finance this. Work with Trigolion. DR – can put our name down to raise money through Waitrose etc.

3. Planning

Applications

21C155/MIN Minor amendments to a scheme previously allowed. 29 Stad Plas Hen. No objection.

21C98A Full application for alterations and extensions at Yr Aelwyd. No objection.

Planning Decisions

4. Letters to Discuss

- **Elan City** An offer to buy a radar sign to show speed. Good idea to keep this for the future. Keep a note of the website.
- **Cyngor Sir Ynys Môn** Traffic suspension warning. 26 March for 2 days. Put this in noticeboard.

5. Cemetery Costs

Carried from the last meeting.

Heard from Un Llais Cymru about the Institute of Cemetery Managements. Worth joining for £90 a year? AW at the moment does not feel we need to join. DR the cemetery is in order. Electronic copy of the books? SER already done this.

So no need to join the group.

Cemetery costs and prices from 2016.

DR – charge for the headstone and then the person who puts it up can claim the money back from the undertaker. Put a sign in the cemetery to say that people need to contact the clerk to set a headstone. Leaflet for the undertaker?

MR – going to the Un Llais Cymru meeting. See what the situation is there. Pass this to the next meeting.

6. Register of Interests

Received guidelines from Un Llais Cymru. Need a register of declarations of interests. With the new system and the agenda people can say at the start. While discussing Matters Arising.

Also note the planning application codes on the agenda.

7. Wellbeing Plan Questionnaire

To be filled in by the Community Council.

8. Report of any meetings

No meetings have been held.

9. County Councillor's Report

Discussed the budget in the last meeting. Meeting of the Executive Committee – more or less all financial. Scrutiny Committee meeting – discussed school closures. Local members firmly against. Beaumaris. Numbers very low there. Education trying to do away with empty spaces. But local communities don't want schools to close. All comes down to policy in the end – it costs to keep schools open and that increases taxes. Disaster in Holyhead – mess from the marina. Polystyrene came from the pontoons. Moving on with the cleanup work.

Lots of briefing on Wylfa – final decision not until next year but in the meantime improvements to the roads. Parking. The Council concerned that more families will move in and pressure on the schools etc, but aware of this and investment. But if there is no work here no language either.

10. Financial Matters
